

Fr Jock writes: 'In the RCIA recently, we've been looking at the Old Testament and the New Testament and the group found it really helpful to approach both through good maps of the country of Israel/Palestine as it was at the time... as a result we thought it might be useful for all our parishioners - and newsletter readers - to have the same opportunity, particularly with everybody being given a copy of St Mark's Gospel... The map on the other side also shows where significant events happened in Jesus' life.'
